|     |  | Note! Product                            | picture may differ from a                     | actual product  |
|     | Product No.: 98979890  |  |   |   |
|     |  |  |   |   |
|     | Non-self-priming, single-stage, of performance according to EN 73    | centritugal volute<br>33 (10 bar)        | e pump designed acc                           | cording to ISO 5199 with dimensions and rated   |
|     | Flanges are PN 16 with dimensi                                       | ons according t                          | o EN 1092-2. The pu                           | mp has an axial suction port, radial discharge  |
|     | port, horizontal shaft and a back<br>without disturbing the pump hou | c pull-out design                        | enabling removal of                           | the motor, motor stool, cover and impeller  |
|     | The unbalanced rubber bellows  | • • •                                    |   |   |
|     | The pump is close-coupled to a                                       |  |   |   |
|     | The motor includes a frequency variable control of the motor spe     | converter and F<br>eed, which agair      | PI controller in the mo<br>enables adaptation | otor terminal box. This enables continuously of the performance to a given requirement. |
|     | Controls:  |  |   |   |
|     | Frequency converter:   | Built-in                                 |   |   |
