ty.	Description						
1	STP-1.5 B						
	-						
	Chuntros X						
		Notel Broduct pic	ture may differ from ac	tual product			
	Product No.: 96787446	Note: Froduct pic	ture may unler nom act				
	Grundfos STP-1.5 B is a premit manufactured to the highest sta	um brass shower pu	mp with positive he	ad and 2 impellers, designed and			
	Ŭ		erative pump making	g it equipped to overcome air pockets and			
	ideal where the plumbing route	includes multiple be	nds and elbows.				
	This shower pump ensures high performance, long durability and is suitable for domestic, commercial or light industrial use to boost shower pressure up to 4 bar.						
		•		e showers. multiple showers or whole house			
	The shower pump is used for boosting both hot and cold water to single showers, multiple showers or whole ho boosting where the outlets are below the cold-water tank.						
	The shower pump is characterized as heavy-duty and it relies upon brass impellers and machined brass stampings						
	iss impeners and machined brass stampings						
	The pump is supplied with a stainless steel, flexible and braided connection hose making it resistant to corrosion.						
				erating noise is held at a minimum.			
				ops the pump motor if it overheats. product has undergone and passed extensive			
	mechanical and water quality te	sting. Additionally, t	his pump is a regen	erative pump making it equipped to overcome			
	air pockets.						
	- Brass impellers and hou	sing for high perforn	nance and improved	d durability.			
	 Integrated thermal prote 	ction	•				
	 Regenerative impeller design to overcome air pockets Low speed and quiet induction motor for longer durability 						
	 Low speed and quiet ind Continuously rated regel 						
	- Long life carbide seals		,				
	- Stainless steel flexible of						
	 Anti-vibration feet for min WRAS approved product 		ISE
