-	SSP-2.0 B							
	33F-2.0 B							
	Note! Product picture may differ from actual product							
	Product No.: 96787450							
	Grundfos SSP-2.0 B is a premiur to the highest standards.	n brass shower pump	with positive he	ad and 1 impeller, designed and manufactured				
	The shower pump is continuously rated as a regenerative pump making it equipped to overcome air pockets and ideal where the plumbing route includes multiple bends and elbows.							
	This shower pump ensures high performance, long durability and is suitable for domestic, commercial or light industrial use to boost shower pressure up to 4 bar.							
	The shower pump is used for boosting either hot or cold water to single showers, multiple showers or whole house boosting where the outlets are below the cold-water tank.							
	The shower pump is characterized as heavy-duty and it relies upon brass impellers and machined brass stampings for improved durability and high performance. The pump is supplied with a stainless steel, flexible and braided connection hose making it resistant to corrosion. Anti-vibration feet and long-life silicon carbide seals ensure that the operating noise is held at a minimum. The shower pump has built-in thermal protection, which immediately stops the pump motor if it overheats. The shower pump is a WRAS approved product and as such the whole product has undergone and passed extensive mechanical and water quality testing. Additionally, this pump is a regenerative pump making it equipped to overcome air pockets.							
	- Brass impellers and hous	- Brass impellers and housing for high performance and improved durability.						
	 Integrated thermal protect 							
	- Regenerative impeller design to overcome air pockets							
	 Low speed and quiet induction motor for longer durability Continuously rated regenerative pump (in UK is used) Long life carbide seals 							
	- Stainless steel flexible connection hose							
	 Anti-vibration feet for minimum operating noise WRAS approved product 							
	Controls:							
	Flow switch (Yes/No):	Y Y						
	Pressure switch Yes/No:	I						
	Liquid:							
	Pumped liquid:	Water						
	Liquid temperature range:	5 60 °C 20 °C						
	Selected liquid temperature: Density:	20 °C 998.2 kg/m³						
	Technical:							
	Rated flow:	0.6 m³/h						
	Rated head:	11.8 m						
	Code for shaft seal: Approvals:	GBQP CE,WRAS						
	πρριοναίο.	OL, WINAO
